

I sold the 08 Lincoln limo plate # 68507C2 back in 1/1/22, the bill of sale copy of which is attached document and did not own it on my early annual inspection date of 2/24/22 by CHP William A. [REDACTED] wrote below:

"Good Afternoon,

I realize your inspections seem to normally be in July, however the Public Utilities Commission (PUC) sent me a request that needs to be in before March 4th; However, this will count as your annual inspection as well. I can come back in June/July in order to certify the one LIMO as PAB (Pupil Activity Bus) so you don't lose out on 4 months-worth of PAB fees. I scheduled you for 8am on Thursday February 24th at 14414 Poway on the day of the inspection I will need to see Both Limos, maintenance, repair and lubrication for the vehicles and drivers files to include: DMV Employer Pull Notices (EPN) copy of driver's licenses and medical certificates, Driver's proficiency statements(example attached) and hours of service documentation (timecards and/or logbooks.)

Attached are some helpful resources to prepare for the inspection (please disregard sections that apply to Drug and Alcohol program as they do not apply to you.) Please contact me with any questions or concerns you may have.

Thank you,

William A Reiber IV

DMV records must be lagging a lot because when you emailed me on 5/4/2022 for annual CHP safety inspection notice

I still did not have 08 Lincoln limo plate number 68507C2 when you mistakenly thought i owned it, then on 6/28/22 I bought the same limo back with new plate # 55876L3.

On 8/24/22 CHP officer William Reiber inspected my 05 Excursion limo plate # 87536G1 for PAB at which time I asked Mr. Reiber about the 08 Lincoln inspection after i had it back on my fleet and he said he was only inspecting the 05 Excursion for PAB!

After that you sent me the notice of cease which i reluctantly followed it to my business!

I never intended to evade any vehicle inspection and this whole ordeal is a lack of communication between you and DMV!

As for my driver Erick Orloff's medical exam renewal, I had no control over his action and while his medical was expired i did not use him until he renewed it and mailed it to DMV in Sacramento which apparently got lost but he gave me a copy of his renewal on **2/16/2022 and he responded**

"Hello, this is Erick Orloff. I went to the DMV on the day that I received my new medical card. I went to the DMV in San Marcos. I was told that I had to mail it to Sacramento, because they don't process them at the location any more. I sent it that day. Since no one from the DMV ever reaches out to you to tell you anything, I had no idea that it was never processed. I've never had this problem before, when you got an actual card, that you carried with you and the office where you had the test done, would send it directly to Sacramento. I hope this helps.

Thank you.

Erick Orloff
